## G. O. P. CLINGS FAST TO SEATS

Anxiously Watching Race Between California's Two Favorite Sons.

In California, Senator Hiram Johnson and Herbert Hoover, both of them native sons; will be voted on as party standard-bearers, while in Indiana four candidates are in the field—Maj.-Gen. Leonard Wood, Senator Johnson, Gov. Lowden of Illinois and Senator Hard-

Leonard Wood, Senator Johnson, Gov.
Lowden of Illinois and Senator Hardling.

The betting here is that these four
appirants will come out of the Indiana
priciary in the following order: Wood,
Johnson, Lowden, Harding, without a
majority for anybody. This would
mean an uninstructed delegation to the
Chicago convention, the Indiana law
being that presidential preference must
be indicated by a majority of the votes
cast, otherwise the state's delegation
goes without instructions.

Hardest Sattle.

The battle in Indiana has been the
hardest fought in any state since the
beginning of this campaign. Each of
the four candidates for the nomination
has been up and down and across the
state, and each has the support of
friends, both from within and without.

Gen. Wood was the first to open fire,
and since his initial appearance in Indiana his supporters have never formaken the field of battle.

Senator Johnson remained in the district and it is more than half admitted
that Wood, in all probability, would
have obtained a majority, thus clinching the thirty delegates to the national
convention allotted to Indiana.

Lut Senator Johnson did not remain
in the district. Not only did he invade
the state in person, but with him and
after him came some of the heaviest
ovatorical guns in the republican party,
supporting him with might and main.

Senator William E. Borah, of Idaho,
noted as one of the most convincing
speakers in the United States senate,
was among the Johnson cohorts.

One result of this raid of Johnson,
Borah and company into Indiana has

"The Johnson vote is the unknown quantity in the Indiana equation," one republican here put it. "He and his friends made a volent fight against the league of nations and kindred issues, and it is certain their audiences were very large and very enthusiastic. So there is no telling the strength Johnson may develop today."

Do Not Admit Defeat.

Johnson's friends, however, will not admit there is doubt. They predicted today he would lead the field with a substantial plurality.

today he would lead the field with a substantial plurality.

At Wood's headquarters no claims were being made.

The Johnson faction here is even more confident as to the result of the California primary. Members predict an overwhelming majority over Hoover. Hooverites merely smile knowingly at this.

# SINGING CONVENTION

TO BE HELD MAY 30 Sequatchle, May 4.—(Special.)—The Marion county singing convention will hold its first session for the year at Whitwell Sunday, May 30, so Fred Gilliam, of South Pittsburg, president of the organization, announces. It is expected that a large number from all parts of the county and points outside the county will attend.

#### **NEW AMMONIA PROCESS** Italian's Discovery Financed

by Americans. by Americans.

Rome, May 4.—Production of synthetic ammonia is announced by Dr. Casale, prominent in the Italian chemical industry, who says he has solved the problem by the use of special machinery and a chemical reagent of his own invention. The process required no material except air and water and works automatically without expense for attention, energy or material. It forces a mixture of nitrogen and hydrogen through catalyzing cubes at a pressure of 250 atmosphere and transforms the two gases into pure ammonia.

Dr. Casale has installed a plant which produces one ton of ammonia daily, but expects soon to employ larger units that will enable Italy to have \$400.00 tons of ammonia for fertilizers each year, besides surplus production for export.

The undertaking is financed by American capital.

A general clean-up of vice conditions in the city will be the first administrative step of the revolutionists, the rebel leaders stated. Gambling, long an attraction, is slated to go. An amusing

leaders stated. Gambling, long an attraction, is slated to go. An amusing incident occurred in connection with the change of government.

When a party of Chicago business men, traveling across the international bridge to Jusrez, was greeted with cheers and band seremades as they came into the city, they thought it was a reception planned for them until shouts of "Viva Obregon!" disclosed that they were right in the midst of a revolution. They stayed and watched the transformation to a finish.

The saddles, arms and other equipment of the rebel soldlers appeared to be of American origin.

The next north Mexico city of importance against which a drive will be made will be Torreon, the revolutionists state.

### SUPERIOR COURT FOR CHATTOOGA CONVENED

Lyerly, Ga., May 4.—(Special.)—The adjourned term of Chattooga superior court was convened in Summerville on Monday, with Judge Moses Wright presiding. This term was postponed in March on account of the influenza epidemic, and there is prediction that another postponement of all minor cases will be made on account of the farming situation, the farmers being badiy needed to look after their crops on account of the continued rains. It is expected that only jail cases will be taken up, and when these are disposed of court will adjourn until the regular term in August.

The case of Albert Bridges, a well-known farmer of near Summerville, who is charged with a statutory offense, will probably come up for trial. This offense is alleged to have been committed about two months ago, as a result of which there was considerable feeling caused at the time. Bridges was committed to jail without bail privilege, and it is said that the court will be urged to take up and dispose of the case.

#### KIWANIANS TO RECOUNT **HUNTSVILLE POPULATION**

Huntaville, Ala., May 4.—(Special.)—
The census of the population of Huntaville which will be taken by the Kiwanis club will be taken on Thursday, and all the members of the club will be assigned a district each so that the count may be finished by nightfall. The club will then compare the lists with those of the government census, and, if there is enough difference to justify, all efforts possible will be made to have the census bureau take an official recount. It is proposed later that the civie organizations take a census of the city's population, together with the rescity's population, together with the residents of the districts and suburbs which properly belong in the city, for advertising purposes. City directory estimates place the population at around 23,000.

### **SOUTH PITTSBURG TO** HAVE BINN YANN STORE

Sequatchie, May 4.—(Special.)—South Pittaburg is soon to have a Binn Yann store, which is similar in style to the Piggly-Wigley, or cash-and-carry plan now operated so extensively in cities. E. G. Tucker, who is division manager for Binn Yann corporation in this section, has been in South Pittaburg making arrangements, and the new store will be located in the building on Cedar avenue, now occupied by the Model Tailoring company, that business moving to the Public Light and Power company building on Elm avenue, next to the First National bank.

Said Multimurderer.

El Centro, Cal., May 4.—Nina Lee Deloney's grave has given up its dead.
Led by "Bluebeard" Harvey, salfconfessed murderer of five wives, officers today found the grave and dug up from it the body of the woman Harvey admits slaying.

"There is the grave," said Harvey, his voice unmoved and pointing to the spot with unshaken hands. "You will find her there just as I said."

When the body was uncovered Harvey collapsed.

Harvey, his sift-slashed throat swated in bandages to shield a healing wound, was helped from the train here to a waiting ambullance at 8 o'clock. Hundreds of pespie were at hand to satisfy their curlosity.

The Bulebeard had a sleepless night on the train and appeared haggard and worn but he had not lost the confidence that he would be able to find the body of the murdered woman in the grave.

"I dug it," he said "and marked the spot. I could almost find it blind, I had to bend the body to get it in the grave, the hole was so small you will find her all crumpled up."

He said he had lived with three "wives" at the same time in San Francisco and risked detection by escorting them to restaurants and theaters and had done practically the same thing in other cities.

"I wonder," he continued, "if the public cannot see the position of my case and, instead of clamoring for revenge, give my actions and mental condition just consideration.

"My every act shows I am to be pitted more than blamed for having developed into this strange and uncontrollable condition, for I am anything else but my natural self."

TOO MANY EATING CAKE Washington, May 4.—Too many people eating cake and too many who find it almost impossible to get enough bread, is the underlying cause of unrest in the country, E. F. Grable, president of the United Brotherhood of Maintenance of Way Employes and Rallway Shop Laborers, declared today before the railroad labor board.

Arguing for a minimum wage increase of 7 cents an hour over the present maximum rate of 52 cents, Mr. Grable declared that the majority of the men in his organization were working for less than "starvation wages."

"People who can't get bread don't like to be told to eat cake," he said,
